

PLASTI-SOFT

BIO PLASTICIZER

Description: Plasti-Soft Bio Plasticizer is a new, bio based plasticizer that can be used in place of hazardous phthalate plasticizers such as DNP for Prosaide Transfers.

PRODUCT FEATURES

(Use 1 to 1 in place of DNP) Plasti-Soft is safe for skin and food contact.

Phthalate based plasticizers have been banned in Europe and are widely suspected as hormone disruptors.

Plasti-Soft is completely non-toxic and FDA approved.

The safety data sheet (SDS) for this or any Monster Makers product should be read before using and is available on request. All Monster Makers products are safe to use if directions are read and followed carefully. **Keep Out of Reach of Children.**
